

Wayne Cotter

Wayne needs to participate in a brief sound check with full light and sound crew available, prior to performance to allow possible adjustments.

AV and Stage Requirements include:

- Stage consisting at a minimum of a ballroom riser with pipe-and-drape backdrop, sized appropriately to venue. 4 x 8 foot minimum. Seating shall be arranged in such a manner that front row seating shall begin no more than four (4) feet from the front of the stage. No dance floor shall be placed in front of the stage. In banquet or ballroom venues, it is requested that stage be set against the center of one of the longer walls if practical.
- A first class, high quality professional theatrical sound system with
 1. Removable handheld microphone with straight mic stand with solid round base. (Wireless mic preferred)
 2. Backup microphone on or near stage.

Banquet room PA system with speakers built in to the ceiling is not acceptable. Podium or lectern microphone is not acceptable except for performances involving MC duties.

- High quality professional stage lighting, including at a minimum two (2) trees (or equivalent) and, if appropriate to venue, one (1) follow spot with operator.
- Fruit juices, bottled water, coffee backstage. Bottled water on stage.
